Toscana Divino's cocktail bar is a beautiful space and delightfully unique in Brickell in the sense that we concoct original drinks from an unsurpassed selection of high-quality Italian craft and specialty liquors you won't find elsewhere.

If you enjoy learning and seeing master mixologists at work, spend time with our Italian bartenders who have mastered the art of alchemy and are in-the-know about all of Italy's traditional and newest products and innovations in the captivating world of Italian wine, beer and liquor.

Italians may not have invented the concept of meeting for an after-work drink, but the Italian version of Happy Hour, our Aperitivo culture, is such a stronghold in Italy that we like to think we've helped to perfect it.

Enjoy our daily food and drink specials in our lounge or outdoor seating areas, the perfect high-end and comfortable venue for meeting colleagues and friends.

**Enjoy the convenience of  
our happy hour everyday
